

Jewish Politicians in Germany

by Alexander H.

May 24, 2025

This is my first paper, so don't expect too much. I want to share what I found out about German politicians and their heritage.

Let's start with the party leader of the AfD. Who is Alice Weidel and what do we know about her? Well, she comes out of [Goldman Sachs](#), which pretty much says it all. Before that her doctorate in international development was sponsored by the Konrad Adenauer Foundation, also not a good sign. On Wikipedia it says she was born as the youngest of three children to the industrial engineer and later sales representative Gerhard [Weidel](#) and his wife Margitta in Gütersloh, the hometown of her mother. She lives in a lesbian relationship with a woman called Sarah Bossard, from Sri Lanka. They both live in Switzerland. It is kinda ridiculous if you think about it. A far-right party leader who is a lesbian, living together with a woman from Sri Lanka in Switzerland. And they try to sell us her as a real German patriot. On Geni.com we can only find some relatives on Weidel's paternal side, but nothing on her maternal side. Her Geni.com site is managed by a person called Tommaso Valarani. He is a [Goodman, Strauss and Simon](#).

So we can already tell she is Jewish just from the names and her nose.

Weidel's paternal grandfather Hans Weidel was a SS-Oberscharführer and worked as a military judge in the war. This is how he looked:

Newbies will think that means he is not Jewish, but Miles has proved the opposite. All Nazi officers were Jewish, and some Jewish scholars have partially admitted it. I also want to mention something about her partner, Sarah Bossard. She is a Sri Lankan-born film producer who was adopted as a child by a Swiss couple. However, she worked in a movie called *The Palace* from Jewish regisseur Roman Polanski. So she is also Jewish.

So, what about the other AfD politicians? Beatrix von Storch, coming from a noble family. On her paternal side she descends from the House Oldenburg, on the maternal side from the House Graf Schwerin von Krosigk. Her maternal grandfather was Reichsfinanzminister from 1932-1945, her paternal grandfather was member of the NSDAP and SA.

Here is a picture of her wedding:

On her right side is her father, does he look Jewish to you? I would say yes. So does she. Her husband doesn't look Jewish, but he looks like an upper-class twit. His mother has a Habsburg jaw.

By the way the Geni site of Johann Ludwig (von Storch's grandfather) is managed by a person named Vladimir Edelstein, obviously jewish.

Let's continue with one of the founders of the AfD party, former party leader Alexander Gauland.

Look at this nose, it's very obvious in this picture.

It is rumored that he is a Freemason, he wrote for the Rotary Magazine. Rotary = Freemasons. His father was also called Alexander Gauland, he was Oberstleutnant (Lt. Colonel) of the Schutzpolizei. Who was his mother? I can't find anything about his maternal side. His wife is named Carola Hein, a journalist writing for Märkische Allgemeine Zeitung. Think about jewish writer Heinrich Heine. I didn't find much about her, but I found a Carolina Hein who was born in 1912 in Indonesia (formerly Dutch East Indies) and died in 2005 in the Netherlands. On her Geni site we see that she was married to a Frederik Klein. Her parents are called Willem Carel Hein and Grietje de Joode. Jood is dutch for Jew. The name of her daughter is scrubbed, maybe it is Carola Hein, wife of Alexander Gauland?

By the way, the AfD is the only party that has an official Jewish faction inside their party. The so called *Juden in der AfD* (Jews in the AfD).

While I was searching for information, I found a picture that suggested that AfD politician Björn Höcke and Hermann Göring are lookalikes. However, I found something interesting about Hermann Göring. He had a younger brother called Albert Günther Göring, born 1895 in Berlin. His Geni site is managed by Prof. Yigal Burstein, jewish. Albert Günther was married to Mila Klazarova, she kinda reminds me of Beatrix von Storch but could be a coincidence.

They tell us Göring's father was Heinrich Ernst Göring, but there are rumours that Göring's father was in fact the Jewish doctor Hermann Epenstein. Göring's mother was called Franziska „Fanny“ Tiefenbrunn, which sounds jewish. Hermann Göring looks more like his mother, while his brother Albert Günther looks nothing like his official parents. He looks more like Hermann Epenstein.

In Wikipedia it says:

Hermann Epenstein (born 1850 or 1851 in [Berlin](#); died June 5, 1934 in [Mauterndorf](#)), known from 1910 until the abolition of nobility in Austria in 1919 as **Hermann Epenstein Ritter von Mauternburg**; was a German-Austrian physician and merchant.

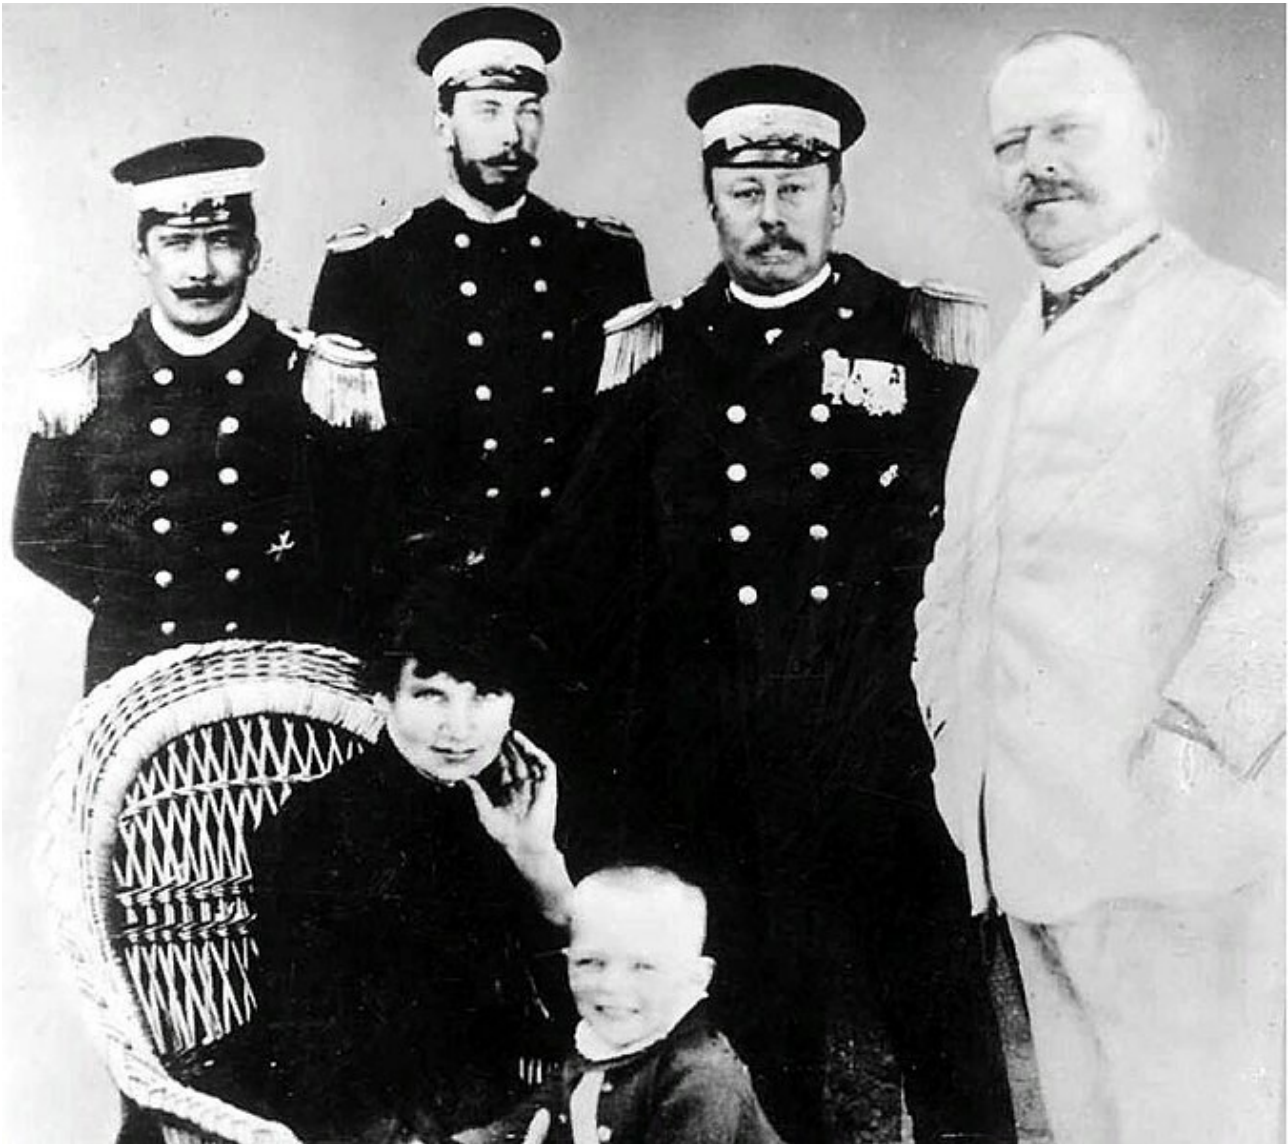

He was best known as the owner of [Mauterndorf Castle](#), which he had extensively rebuilt, refurbished and restored; and for being the godfather, and later stepfather, to [Albert](#) and [Hermann Göring](#).

Epenstein was the son of a Catholic mother and father who had converted from Judaism to marry, and was therefore considered a [Mischling](#) (half-Jew) in [Nazi terminology](#).^[1] He became a royal Prussian [staff physician](#). Through trade, he became very wealthy and held politically [German nationalist](#) views.^[2]

During a stay in [German South West Africa](#), he met the local imperial commissioner [Heinrich Ernst Göring](#) and his wife Franziska Tiefenbrunn (1859–15 July 1943), a Bavarian peasant, whom he assisted in childbirth. Back in Germany, the Görings lived in his house in [Berlin-Friedenau](#) (Fregestraße 19).^{[3][4]} Franziska became Epenstein's lover. She openly maintained the relationship with him, staying with him during visits while her husband was accommodated elsewhere.^[5] Epenstein became the godfather of all five of Göring's children from his second marriage, including Hermann and [Albert](#).^[6]

Does this story make sense to you? I think Epenstein is the father of Hermann and Albert Göring and they made this story up to make us believe Hermann Göring descends from a German noble, but in fact he is the son of a Jewish doctor.

Here is a photo of Göring's official parents:

Who is the child? Who are the persons behind them? And why does this photo look so strange? I think all of you will agree with me when I say it is fake. Yes, definitely a terrible fake. The two guys to the left are especially awful.

Let's look at the genealogy of Göring's mother. Her maternal grandmother is a Marz, the great-grandmother a Maerz (born Fackler). So that makes Hermann Göring related to a family Marz/Maerz/Merz. Is he related to German Chancellor Friedrich Merz?

Friedrich Merz worked for Jewish BlackRock and also for the global white-shoe law firm Mayer Brown, founded by Jews Adolf Kraus and Levy Mayer. On Wikipedia it says that his mother, Paula Merz is a Sauvigny. His maternal grandfather was Josef Paul Sauvigny. He was a politician and from 1917 to 1937 he was the mayor of

Brilon. The residence of the Sauvigny's was the Haus Sauvigny, built in 1752 by Johann Matthias Kitz. Kitz is a Jewish name. His son, Friedrich Kasimir Kitz was resident and owner of the Haus Sauvigny. It is also said that Jerome Bonaparte, youngest brother of Napoleon Bonaparte spent a night at the Haus Sauvigny in his flight from Kassel. Interesting. On the Wikipedia page from Josef Paul Sauvigny it says that he joined the SA (Sturmabteilung) and was promoted to Oberscharführer in 1935. In 1938 he joined the NSDAP. I found nothing on the paternal side of Friedrich Merz, maybe they are trying to hide that Merz and Göring are related?

What about Angela Merkel? She was born as Angela Kasner (Kazmierczak). Here's a picture of her and her father:

He looks very Jewish.

The name Merkel is from her ex-husband Ulrich Merkel. Merkel is also a Jewish name. I found a Paul Wolfgang Merkel who was a member of a Freemason lodge in Nuremberg called „Zu den Drei Pfeilen“ („to the three arrows“). His genealogy shows us that his mother was Maria Magdalena Merz. Two of his daughters are married to the family Roth. One of his daughters (Johanna Susanna Margarete Merkel) married to a family Braun. Probably a connection to Eva Braun? Miles already mentioned in one of his papers that Eva Braun was Jewish.

Then there's Jens Spahn, who is openly homosexual. He clearly looks Jewish and the name Spahn reminds me of Alan Greenspan and Herschel Grynszpan. Also the name of the ranch in the Manson story. His full name is Jens Georg Spahn. Jens is a short form of Johannes/Johann. On the search of his genealogy I found a Johann Georg Spahn born in 1890. We find names like Adam, Klein, Keller, Hechler, Schwab, Roth

and Löb/Loeb. His mother is Maria Anne, born Kohl. See for example Jewish-american businessman and Democratic politician Herb Kohl. And also former german chancellor Helmut Kohl, who was the mentor of Angela Merkel. In Helmut Kohl's genealogy we find that he descends from a Hiller in the 17th century. Think about Jewish writer Kurt Hiller or Adolf Hitler. You will know what I mean when you have read Miles' paper about Adolf Hitler.

Let's continue with the SPD and Olaf Scholz. I didn't find anything about his genealogy but like I mentioned above he has connections to the Jewish Warburgs. In 2021 he and the Warburg bank were involved in the so called „Cum-Ex Skandal“. In short, he helped the Warburg bank to keep 47 million euros. And that is probably only the tip of the iceberg. A few months later he became German Chancellor.

I also found out something interesting about German health minister Karl Lauterbach who heavily promoted covid vaccines and former german chancellor Gerhard Schröder. Schröder's mother's maiden name is also Lauterbach and looks Jewish. Lauterbach is a Jewish name, see for example Leo Lauterbach aka Aryeh Lauterbach, who worked for the Jewish Agency and Zionist World Organization. Jacob Zallel Lauterbach, a Rabbi and Talmud scholar. So we can assume that Karl Lauterbach and Gerhard Schröder are both Jewish and also related to each other.

There are many more, many of them openly Jewish. But that should be enough for now for you to see the lay of the land.
