

Jewish Politicians in Ukraine

In this paper I want to show you the many Jews in Ukrainian politics. My great-grandfather came from Ukraine, so it's interesting and important for me to expose the Ukrainian government. All of you should know that the current president of the Ukraine Volodymyr Zelensky is a Jew. So let's start with Zelensky and the people behind him.

Volodymyr Zelensky is the current president of the Ukraine and former entertainer, mainly a comedian. That alone is everything you need to know. He is a Jewish actor, they don't even hide it anymore. I found a photo of him and Jewish actor Sean Penn from *The Guardian*, titled with: „How Zelenskiy became Hollywood's man of the hour“.

You can see that Sean Penn is handing Zelensky an Oscar. I guess it's some kind of inside joke. Zelensky is getting an Oscar for playing his role as President, he's an actor after all.

According to Wikipedia, Zelensky grew up as a native Russian speaker in Kryvyi Rih, a major city of Dnipropetrovsk Oblast in central Ukraine. Since the start of the Russian-Ukrainian war he refuses to speak Russian in public. Instead he portrays himself as a real native Ukrainian patriot.

In 2003 Zelensky created the production company *Kvartal 95*, which produced films, cartoons and TV shows including the TV series *Servant of the People*, in which Zelensky played a fictional Ukrainian president. The series aired from 2015 to 2019 and was immensely popular. A political party with the same name as the TV show was created in March 2018 by employees of *Kvartal 95*. Zelenskyy then announced his candidacy in the 2019 presidential election on the evening of 31 December 2018 on the TV channel

1+1. He positioned himself as an anti-establishment and anti-corruption figure, and had already become one of the frontrunners in opinion polls for the election months before he formally declared his candidacy. However, his former boss, the owner of the TV channel *1+1*, is the Jewish oligarch Ihor Kolomojskyj. From 2006 to 2013 he was on the 2nd and 3rd place of the richest Ukrainians. Right now he's the 7th richest Ukrainian. For a long time he supported the former Ukrainian Prime Minister Yulia Tymoshenko, also Jewish. More about her later. However, Kolomojskyj funded Zelenskyy's presidential campaign to unseat Poroshenko. They want to make us believe that there was some kind of rivalry between Kolomojskyj and Poroshenko. It is possible that there was some kind of intern rivalry between them but I think that Poroshenko was just not the right guy anymore because of all the controversies that surrounded him. So they chose Zelenskyy as the new president, because he was so popular and sold him as „anti-establishment“.

There are rumours that former Ukrainian president Poroshenko is also Jewish.

Russian media has spread the rumour that Poroshenko's father was a Jew with the name Valtsman and allegedly changed his name in 1956 and took his wife's name (I also found out that his maternal grandmother is a Lazarenko, Lazar is Jewish). At any rate, it is openly admitted that **he was/is an agent for the US intelligence.** And the biggest clue is that he was on the list of *Forbes Israel*, they admitted that he was/is one of the world's richest Jews. They later removed him from that list. It is also admitted that the Rothschild's managed his assets and did hold shares in his company *Roshen Confectionary Corporation*.

So let's continue with Yulia Tymoshenko (née Hrihyan). Like I mentioned above she served as Prime Minister of Ukraine. If we look at older photos of her we can see that her hair was dark but as politician she has blonde hair and often wears a traditional Slavic hairstyle to appear more white.

That's a huge change, eh? Her father is Volodymyr Abramovych Hrihyan. Hrihyan is an Armenian surname, but she admits that her father was a Latvian Jew. Her paternal grandfather was Abram Kapitelman and was a Lt. in Signal corps.

Then there's Arseniy Yatsenyuk, also former Prime Minister who is rumoured to descend from Romanian Jews. In Wikipedia they try to tell us that he wasn't Jewish because Yaakov Bleich, a chief rabbi of Ukraine stated, „Arseniy Yatsenyuk is not Jewish.“ So we are supposed to believe it because a Rabbi says it? Yatsenyuk was born in Czernowitz which had/has a big Jewish population. The Jewish graveyard of Czernowitz is one of the greatest in Europe. The *Guardian* admits that he has played down his Jewish origins, possibly because of the prevalence of antisemitism in his party's western Ukraine heartland.

Volodymyr Groysman, a Jew, was Prime Minister from 2016 to 2019. Pavlo Lazarenko, also a Jew and former Prime Minister. He could be related to Poroshenko, because like I mentioned above, Poroshenko's maternal grandmother is a Lazarenko.

Now the Klitschko brothers, Vitali and Vladimir.

Here you see them pushing the Orange Revolution in 2004. So they were already used for political purposes more than 20 years ago.

Their paternal grandmother was Tamara Jefimowna, a Holocaust survivor. According to Vitali Klitschko, they discovered their Jewish heritage „very late“. Sure they did. He admits though that he visits the Synagogue now and then and that he has many Jewish friends. They also had connections to underworld bosses, who were probably also Jewish. The most famous of them was Viktor Rybalko, who died in 2005.

Viktor Rybalko was born in Baku, Azerbaijan. Azerbaijan has a big Jewish population. 25,000 to 30,000 Jews live in Azerbaijan, 75% of them in Baku.

Another famous Ukrainian-Russian Mobster is Semion Yudkovich Mogilevich, obviously Jewish. For those who don't see it: Semion = Simeon, Yud/Jud means Jew, and Mogil is a common surname for Jews in eastern european countries.

In Wikipedia we read:

Semion Yudkovich Mogilevich ([Ukrainian](#): Семен Юдкович Могилевич, [romanized](#): *Semén Yúdkovych Mohylévych* [seˈmɛn ˈjudkɔwɪtʃ mɔɦɪˈlɛwɪtʃ]; born June 30, 1946) is a [Ukrainian](#)-born [Russian organized crime](#) boss. He is described by agencies in the European Union and United States as the "[boss of all bosses](#)" of most [Russian Mafia](#) syndicates in the world,^[2] he is believed to direct a multi billion-dollar international criminal empire and is described by the [Federal Bureau of Investigation](#) (FBI) as "the most powerful and dangerous gangster in the world," with immense power and reach at a global scale, and connections to prominent government, military, and law enforcement officials, and powerful politicians around the world.^{[3][4]} He has been accused by the FBI of "weapons trafficking, contract murders, extortion, drug trafficking, and prostitution on an international scale."^[5]

Mogilevich's nicknames include "Don Semyon" and "The Brainy Don" (because of his business acumen).^[6] According to US diplomatic cables, he controls [RosUkrEnergo](#),^[7] a company actively involved in [Russia–Ukraine gas disputes](#), and is a partner of [Ivan Gordiyenko](#).

[Oleksandr Turchynov](#), who was designated the acting President of Ukraine in February 2014, appeared in court in 2010 for allegedly destroying files pertaining to Mogilevich.^[8] Shortly before his assassination, Russian [FSB](#) defector [Alexander Litvinenko](#) claimed Mogilevich had a "good relationship" with [Vladimir Putin](#) from the 1990s.^{[9][10][a]}

[William S. Sessions](#), [Director of the FBI](#) from 1987 to 1993 during the presidencies of [Ronald Reagan](#) and [George H. W. Bush](#), was Mogilevich's attorney in the United States until Sessions' death on June 12, 2020.^{[13][14]}

Interesting, right? I admit, I never heard of that guy before. I just googled „Ukrainian Mob“ and found his Wikipedia site.

In case you didn't know it yet, here's a little history lesson. Lev Davidovich Bronstein aka Leon Trotzky and Lazar Moiseyevich Kaganovich were also from Ukraine. Kagan = Kahan = Kohen. Both of them and Stalin (also a Jew) were the main initiators of the so called *Holodomor*, a famine/genocide that took place in the Soviet Union, mainly in the Ukraine in 1932-1933. It is assumed that at least 4 million people died in this genocide. The writer Walter Duranty from Liverpool tried to cover it up by writing „Russians hungry, but not starving“ in the Jewish controlled *New York Times*. And guess what, they even gave him the Pulitzer Prize for it, which is of course named after a Jew.
